Untuk game blom coba, masalahnya dengan celeron n2840 ane g terlalu berharap banyak deh sedikit saran, klo mau nekad pake os 32 bit, bisa d coba nyari driver nya satu2.. Ada di web resmi asus kayaknya Terus disk cleanup system c nyaa alhasil sekarang laptop ane dah lancar lg 21:30 21:30.

Ane juga make x200ma Klo liat d web resmi nya asus memang cuma ada driver untuk os 64 bit (win 7, 8, 10), d cd bawaan nya malah cuma ada driver win 8 64 bit.. Please ask in the comments below But I believe these drivers are matched 100% Balik lagi 64bit aja gan.. Bukan clean install) Ane juga gitu gan hbis upgrade win 10 dari win8 laptop jd lemot akhirnya ane benerin lg tuh drivernya ane install ulang dowload yg khusus memang untuk win 10.

Ranging from driver vga, sound, chipset and sebagainya Driver Asus X200m has also been updated for Windows 7 and Windows 8 will be 32bit and 64bit versions.. Tuh laptop emang dibikin buat 64bit kan Drivernya jg dapet cma 64 kalau masalah agan install win10 jadi lemot mungkin karna ada file win8 yg nyangkut gan (kalau agan upgrade dr win 8.. Ane make os win 64 tu kebentur ama barang2/alat kerja ane yg lama, salah satunya scanner Canon CanoScan D646U.. Driver asus x200m I obtained from official asus website So if the driver is not supported on your laptop.. Driver Asus x200m - asus drivers need x200m The following drivers asus laptop full of x200m. Misalnya cari driver chipset mobo nya (intel), bukan d web nya asus, trus cari driver soundnya, vga nya, dll, pokoknya d cari sesuai pabriknya masing2.. Slama make win 7 64 bit normal2 aja, g ada masalah serius Pake buat kerja, ngetik, worksheet, print, nonton, it's ok.. Agak ribet, klo g mumet 23:50 23:50. Nov 3, 2016 - Driver ASUS X200MA WIN7 32 bit-Dengan produk terbaru dari Laptop/ netbook saat ini mengacu kepada windows 8 ataupun windows 10.. Dah muter2 gogling nyari driver 64 bitnya g nemu Akhirnya ane ambil keputusan masang win 7 64 bit, pasang virtual box nya oracle, instal win xp 32 bit, konek dah tu scanner nya.
