The screenshot shows the Combo Cleaner Premium application window. At the top, there are buttons for "Start Over" and "My Subscription". The main area displays system statistics: "40,8 GB Available" (out of 249,77 GB Total Disk Space), "791,8 MB Free" (out of 8 GB Total Memory), and "12%" Intel Core i7 CPU Load. Below this, a list of features is shown with their respective status: "Disk Cleaner" (safely remove system junk files, free to use), "Big Files" (look for large files consuming lots of disk space), "Duplicates" (find multiple copies of the same file), "Antivirus" (find viruses and malware harmful to your system), and "Privacy Scanner" (protect your privacy by removing cookies and other tracking data). Each feature has a green toggle switch with a checkmark, indicating it is turned on. A blue "Start Combo Scan" button is located at the bottom right of the interface.
