[MATRIX AUTOMATION RADIO SOFTWARE Full Download.17](#)

The screenshot displays the SAM Broadcaster PRO software interface. At the top, there is a menu bar (File, Player, Window, Layout, Cloud, Tools, Help, Buy Now!) and a toolbar with playback controls, volume, air button, cue, auto DJ, and deck selection (A, B, C, Dual). The main interface is divided into several sections:

- Deck A:** Features a virtual turntable, playback controls, and a volume level indicator.
- Deck B:** Currently playing "Brand New Key" by Melanie. It shows track information (Total: 2:26.6, Cur: 0:07.5, 128 kbps, 44.1 kHz, Stereo) and a remaining time of -2:19.1.
- Clock:** A digital clock showing 15:46:24.
- Playlist:** A list of tracks categorized by "1972 Top 10 Hits" and "Top 40 Songs 2016-2017".
- Queue:** A list of tracks to be played next, including "Snakehips & Mo - Dont Leave" and "Top hit charts with your favorite station 2".
- Voice FX:** Controls for microphone input, including "Mic On", "PRESS TO TALK", and "Lock talk".
- Sound FX:** A menu of sound effects like "Applause", "Boing", "Boomp", and "CrowdSurge" with volume sliders.
- History:** A log of recently played tracks, including "Melanie - Brand New Key" and "Cloudrad.io Station ID".
