A screenshot of the Pcp Disso V3 software interface. The top part is a data entry form with fields for Date, Name of the Drug, Batch Code, Done by, used for calibration survey, rotating zero-time reading, Dissolution Medium, RPM, Volume of Dissolution Medium, Volume of Sample removed (if Fixed), Dilution Factor (if Fixed), No. of Replicates, Time in, Slope, and Constant. Below the form is a data table with columns for Sr. No., Time, Abs1, Abs2, Abs3, Abs4, and Abs5. A dark blue box with the word "PDF" is overlaid on the right side of the table.

Sr. No.	Time	Abs1	Abs2	Abs3	Abs4	Abs5
