## FORWARD

A contemporary English version of *Sivapurānam* is a challenging task precisely because the kind of exhilaration that probably possessed the first translator of this major text is no longer available to the current translator. When G.U. Pope first undertook a translation a century ago, the English reader had no access to this religious poem. For Pope, this was a pioneering effort and he did offer a competent and persuasive translation of this poem. Since then at least one major scholar has retranslated the poem in English. Older versions, admittedly, tend to be dated in their use of diction, but that alone does not justify a new attempt. If an older version needs to be made current by changes in language, then that is easily achieved. There are, however, more fundamental reasons for offering new translations, and in this particular instance, those reasons are implicit throughout the current text given by Mr. Kanthiah.

The value of *Sivapurānam* as a religious text hardly needs emphasis. Among Tamil Saivaites, across the globe, this poem remains a foundational work, often sung in temples, homes, and on special occasions. It remains a prime example of the richness of the *Bhakti* period, which produced such a wealth of religious literature. *Sivapurānam* shares some of the dominant characteristics of this body of literature, while also reflecting a growing point, a preoccupation not only with poetics but also philosophical probing of religious experience. The wonderful lyricism of
